Dear Tribal Chairperson,

This letter is to notify you that the site visit scheduled for October 17, 2006 to tour the Trinity Anza property for a potential Youth Regional Treatment Center (YRTC) has been cancelled. The Trinity Anza property seemed ideal for a YRTC since most of the infrastructure was already in place, as well as the many amenities for our Indian youth and their families.

Unfortunately, due to an offer for the property from a potential buyer, it became apparent that the cost of the property would exceed the funding allocated for a southern California YRTC.

The California Area Office (CAO) will continue to pursue land and a facility for both northern and southern California YRTCs. You will be notified once the CAO identifies other potential locations.

I appreciate your continued support and look forward to working with you in the future to secure a YRTC facility in both northern and southern California.

Sincerely yours,

*for Paul Redding*
